[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO SEPT. 28.

EASTERN STATES.

Lafayette College, Pennsylvania.

EASTON (Pa.), Sept. 27.—At a meeting of the Trustees of Lafayette College to-day, A. Pardee of Hazelton, gave $200,000 for the erection of a new building for a scientific department, the Trustees agreeing to raise an equal sum for a general endowment.

Virginia Republican Convention.

RICHMOND, Sept. 27.—The Republican State Convention met to-day. One hundred and fifty delegates were present, representing nearly every county in the State. After the usual preliminary business a permanent organization was effected with Hon. Charles Porter for President.

Homicide in Tennessee.

KNOXVILLE, Sept. 27.—Colonel D. M. Nelson, son of Judge T. A. R. Nelson of the Supreme Court, shot and killed General J. H. Clinton of Alabama this evening in a personal recontre.

Treasury Sale of Gold.

NEW YORK, Sept. 27.—The Treasury advertises to sell two millions of gold to-morrow. There is much anxiety as to whether the Secretary will continue the policy of selling in excess of the usual amount.

New York Republican Convention.

SYRACUSE, Sept. 27.—In the Republican Convention in the evening session the committee on contested seats reported sustaining the action of the State Committee in reorganizing the party in New York city; declaring that the organization which it has established is the regular and only Republican organization in the city, and directing that the committee perfect and consolidate said organization. The report continued that for the purpose of promoting harmony in the Republican party, both delegations from New York be admitted to the Convention, with the right to cast half of one vote to each member, and that each of said delegations shall present three Republicans as members of the State Committee, but no person shall be presented who holds office under the present State or municipal governments, or receives profit or emoluments therefrom. When the words "in order to promote harmony in the Republican party" were read, there were cries of "Oh!" and laughter from all parts of the house. The minority committee reported a resolution in favor of the delegation headed by Horace Greeley. Nine cheers were given with great enthusiasm. Cheers were also given for Grant and Senators Conkling and Fenton. After a sharp debate the majority report was adopted, admitting both delegations from New York, and making provision for perfecting a similar organization there. Mr. Lucy of New York city stated that his delegation would not accept these terms, and would retire from the Convention. The announcement was received with repeated cheers. Mr. Sherman of St. Lawrence announced that delegates from the first district of St Lawrence would also withdraw from the Convention. Both lists of delegates from New York were then read. General Sharp said that [illegible] the other having left the hall he moved that the one remaining be allowed to cast the full vote. A. B. Spencer said that the delegation had left in anger and he hoped the motion would be withdrawn, so that they may reconsider their action. Mr. Sharp withdrew his motion, and the Convention adjourned until 9 A. M. to-morrow.

Massachusetts Republican Convention.

WORCESTER, Sept. 27.—The Convention reassembled at 2 o'clock. A letter was read from Gov. Claflin absolutely declining to allow his name to be used for re-nomination.

Loring, in a speech, withdrew his name from the contest.

The Convention took a recess till 7 P. M. On the re-assembling of the Convention the committee on credentials reported at 9 P. M. that nothing had been done except to discuss the report.

The first real test question has just been decided. The question was on the admission of Butler delegates from the 5th ward of Brookline. The report of the committee on credentials was opposed to admitting the delegates. The Butler delegates were denied entrance to the Convention by a vote of 657 to 460. The result was received with overwhelming applause.

By a unanimous vote the Convention proceeded to a formal ballot for candidate for Governor, at 12:30 A. M. William B. Washburne was nominated by a vote of 643 to 464 for Butler. The scene was indescribable. Cheer after cheer rent the air. Washburne men in all parts of the house were congratulating each other while little was seen or heard of the Butler men.

Gen. Butler declares that he accepts the action of the Convention as final, and agrees to stand by the result. His statement was received with cheers on the floor. There was but little demonstration in the galleries where Butler's friends had been very demonstrative during the day.

The principal men of the Province were present, including Lord Lisgar, Governor-General, Lieutenant Governor Howland of Ontario, Wilmot of New Brunswick, and leading members of the Dominion Government.

BY ATLANTIC CABLE.

Dispatch from London.

LONDON, Sept. 27.—The Pall Mall *Gazette* denounces the *Daily Telegraph* this morning, for mis-interpretations of a sentence in Disraeli's speech, in regard to the Queen, as flagrantly dishonest as anything that ever appeared in an English journal. It declares that if Gladstone keeps such company as the editors of that journal none but the rabble will follow him.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Sept. 28.—The *Montana* sailed last night for Portland, carrying freight only. The *Ajax* with passengers sails Saturday. The *Idaho* sailed for Mexico this morning.

The defeat of Ben. Butler is editorially commented on with great satisfaction by the *Alta California* and *Chronicle*.

The Board of Fire Underwriters have decided that the great destruction of property by the late fire on Market street was due wholly to the gross mismanagement of the Fire Department, and lack of sufficient and suitable hose.

The remains of M. M. P. McLaughlin, Deputy U. S. Marshal, and member of the firm of McLaughlin & Brewer of San Francisco, shot by Henry Gerke near Chico, will be brought here for interment. He was a member of the Tammany Tribe of Red Men, who will conduct the funeral.

A discussion is now in progress regarding the expediency of confining Presidents of the United States to a single term. It is urged that a President will use his patronage to secure a renomination, and that if he can have but one term many abuses will be checked. But the *Nation* argues that these abuses would neither be abolished or checked by restricting Presidents to one term. It says: "The fact that the President was not a candidate for re-election would perhaps prevent him from exacting anything like active exertions to secure the nomination for anybody else, and would perhaps make officials, towards the close of his term, indifferent to his wishes. But it would not prevent an officer using his influence to secure *somebody's* nomination."

Great complaints have been made of the inaccuracies of the last census. So imperfect was it shown to be in Philadelphia, that the Census Bureau ordered a new census for that city, which resulted, among other facts, in advancing the value of the annual manufacturing industry of that city from $200,000,000 to $326,000,000—an increase of about 60 per cent.

OREGON.

Wheat continues to come into Salem in large quantities. The ruling price is $1 10.

Work on the M. E. Church at Salem is proceeding rapidly, but it is so late in the season that only the basement will be finished this year.

From the *Statesman*: Mr. A. Myers informs us that he has received the plans and specifications for the main building of the Agricultural Machine Works, and he publishes proposals to contract immediately for the erection of the same. The plans are very satisfactory he informs us. The building is to be constructed this fall and the machinery will be here in time to commence business in the spring.

From the Statesman: By the report of the Supreme Court proceedings it will be seen that the case of B. F. Brown vs. State Treasurer, on appeal from this District, has been affirmed, Judge Upton dissenting from one position taken, that the Secretary of State has no power to audit claims and issue warrants when no appropriation exists. It seems that if an appropriation law has been passed, he can issue his warrants not to exceed the amount appropriated, even if the money is not in the Treasury to pay it, but he cannot issue a warrant after the special fund drawn on has been exhausted, or unless a special act authorizes it. We hear it stated that Secretary Chadwick has followed precedent in this matter, and has drawn on funds after they were exhausted. So it seems that a sort of muddle exists with regard to Treasury matters, but the law is given now and coming Legislatures will have to act more definitely concerning all matters relating to payment of State obligations.

POLITICAL NOTES.

Of the course of the New York *Times* in relation to the great frauds, the *Nation*, a paper whose opinions always have great weight, says: "There is no instance in the history of journalism of an assault so successful and so courageous and determined by a single newspaper upon so great an evil." And now the efforts of the *Times* are bearing their fruit.

The New York *Herald* says: "It appears to us that the power of the Tammany Ring is utterly broken. Not only have some of the leaders provoked public odium by their conduct, but they have shown themselves to be incapable politicians. In their eagerness to become rich they have lost sight of the advantages they held, both for their own advancement and the good of their party. They have not evinced the most ordinary prudence. They have probably destroyed the party, both in the city and State."

The Providence *Journal* says: "One sixth of one per cent. is the amount of the defalcation—some portion of it yet to be recovered of the bondsmen—for the whole time that the internal revenue system has been in operation. And this, too, with an untried system, with a vast number of officers scattered over a great region, and including the time of Johnson, during which two-thirds of the defalcations occurred. We doubt if the annals of finance can offer a parallel to such fidelity of collecting the revenues of a great country. Compare this with the city of New York."

CURRENT NOTES.

Andrew Jackson's servant has commenced to die off. George Polk, aged ninety, departed this life at New Orleans last week. He was the General's valet in 1814.

The pastor of a church in Northfold, England, had occasion lately to tell his congregation that buttons, bad money, tobacco quids and all superfluous trash that a man might have about his person, were not fit offerings to the Lord, and that in future the collection would be taken on open plates, that the contributions might be seen.

There are in operation in the United States to-day, one hundred and ninety grain and nine molasses distilleries, with a daily productive capacity of 162,820 gallons of grain spirits and 8,032 gallons of molasses spirits—a total per annum of 53,306,824 gallons of spirits, presuming that the stills are allowed to rest on the Sabbath. This estimate is based upon the returns made to the Internal Revenue office, but it is probable that illicit stills throughout the country produce at least 20,000,000 gallons annually. It is evident that the Americans patronize home products to some extent spiritually.

A New York dispatch of the 22d gives this: It was rumored last night that Police Commissioner Henry Smith was implicated in the robbery of the vouchers, and a warrant was got out for his arrest. The bundles of vouchers taken away in a pillow slip have been traced to Alderman Murray's store. *It is not known* whether they have been destroyed or preserved for the purpose of blackmailing. The matter is now being investigated. The employment of the criminal lawyer, John Graham, is taken as an evidence of the alarm of the Ring at the approaching disclosures of their villainy. Graham said at the Tombs that he had *been sent to look after the interests of Messrs.* Haggerty and Balch.

Recent Embezzlements—A Contrast.

The New York *Tribune* closes some editorial remarks on the Hodge defalcation and the defalcation in the New York Postoffice, with this telling paragraph:

We have one word for the *World* about these recent scandals. That worthy paper is making itself very absurd in comparing these two crimes—one of them committed by an officer of the regular army and *one by a subordinate of the* Postoffice—with the stupendous and cynical thefts of the Tammany ring. We hope it will go on calling the attention of the public to the contrast presented by the action of the Republican party and press in each cases, to that taken by the Democrats in the others. Major Hodge is at once arrested and cast into prison, and the property of Norton is made to pay the last farthing of his defalcations. The Administration, the press, and the party call out for prompt and unrelenting justice. The public has long known from the columns of the *Tribune* and the *World* that the leaders of the Democracy in this city have made vast fortunes by misappropriations of the public funds. Yet the party which they rule indorses the stealing and shares the plunder. Their clubs and committees read the proofs of their rascality unmoved, and pass resolutions of insolent defiance; and the *World* itself, doing bitter penance for its day of candor, sustains and justifies this gang of robbers. Major Hodge in prison; Mr. Connolly and Mr. Tweed hob nobbing with the editors of the *World* at the clubs, and through uplifted glasses of Delmonico's Carte Blanche, taking roseate views of the present and pledging each other in the hope of better luck in the future—that is the spectacle to which the public gaze has been invited. We cordially second the invitation, and trust the attention may be general.

SOUND DOCTRINE.—Foolish spending is the father of poverty. Do not be ashamed of work. Work for the best salary or wages you can get, but work for half price rather than be idle. Be your own master, and do not let society and fashion swallow up your individuality. Compel the selfish body to spare something for profits saved. Be stingy to your own appetite, but merciful to others' necessities. Help others, and ask not help for yourself. See that you are proud, but let your pride be of the right kind. Be too proud to be lazy; too proud to give up without conquering every difficulty; too proud to wear a coat you cannot buy; too proud to be in company you cannot keep up with in expenses; too proud to lie or steal or cheat; too proud to be stingy.

A quarrelsome couple were discussing the subject of epitaphs and tombstones, and the husband said: "My dear, what kind of a stone do you suppose they will give me when I die?" "Brimstone, my love!" was the affectionate reply.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Republican Row in New York.

NEW YORK, Sept. 28.—Special accounts represent that the opening scenes of the Syracuse Republican Convention were of the most shameful character. One report stated that when delegates gathered before the hall they found the doors barred, bolted and guarded by several policemen obstructing the entrance. The cry at once was set up, "The Custom House has brought its marshals here." Cries were heard in the crowd: "Are there any guns here." When the door opened at half past eleven, the rush commenced, which was met from the inside. Chairs and table legs were freely used by the members of the citadel, and fists and canes by the attacking party.

Another dispatch says gangs of New York ruffians came into town during the night, and early in the morning it was evident there would be serious trouble, if not bloodshed at the opening of the doors, about half-past eleven. When the confusion began, several revolvers were drawn and flourished by parties outside, while those inside tore loose the furniture and stood ready with legs of tables and chairs to club them. Cries of "put down pistols," "don't shoot," "kill the son of a bitch," "kill him, blow his brains out," "open the door, not a damn one of you will get in." Ejaculations more expressive than elegant, were indulged in, until the place was like bedlam.

There was much confusion last night among the Greeley adherents in this city, at the course taken by the Convention, and expressions of dissatisfaction at the apparent timidity shown by the Greeley Fenton delegates, were very general. It was believed they would have defeated the Conkling party had they voted with becoming boldness.

SYRACUSE, N. Y., Sept. 28.—The Republican Convention re-assembled at 9 o'clock, a. m. I. H. Bailey of New York, was declared rejected. Delegation were instruments of Tammany, and it is thought nothing was lost by their withdrawal, and called up a resolution allowing the remaining delegation to the full vote. After some discussion it was moved the resolution be withdrawn until a permanent organization be effected.

They elected Andrew D. White, President. Convention then proceeded with the nominations: G. H. Scribner, was nominated Secretary of State; M. K. Hopkins, Comptroller; Thos. E. Rainer, Treasurer, and Francis C. Barlow, Attorney General; E. H. Roberts nominated for State Engineer and Surveyor; Wm. Barkley, Canal Commissioner, and Thos. Kirk Patrick, States Prison Inspector.

Resolutions were adopted endorsing the administration of President Grant, reviewing the beneficial results of his policy and denouncing the fraud and corruption of the New York City Government. It denounces the course of the authorities in regard to the Orange procession and holds the Democratic party responsible. It calls upon Congress to continue to reduce taxation and favor a tariff to produce revenue with the least injury to the people, and at the same time protect home manufactories; approves the election laws of the late Congress; favors legislation for the benefit of the laborers of the South; declares that the people have rights by legislation; prohibits the sale of liquor; favors cheap transportation from the West to the East; denounces Democratic management of canals and favors a reduction of tolls; congratulates the people upon recent Republican victories; and urges Republicans of the State to settle differences and endorse the nominees. A strictly prohibitory resolution was offered in place of the one in reference to the sale of liquors, but received only one vote. The Convention then adjourned.

Senator Conkling made a speech in which he said withdrawing delegations would retire.

The Greeley Delegation.

The Greeley delegation met at 9 o'clock, and a number of bitter speeches were made when they adjourned till 11 o'clock, when they organized by electing Sinclair Treasurer as President. Gen. Palmer and A. Hutchings made speeches strongly denouncing the Conkling party, particularly Andrew White, President of the Convention. Andrew said he had been told that Secretary Fish was to resign. If he succeeded in controlling the convention he would be appointed in his place. Palmer declared that White was made President of the Convention so as to get the endorsement of the San Domingo job.

The meeting appointed a committee to issue an address and call a State Convention, if advisable, and adjourned.

The Virginia Republican Convention.

RICHMOND, Sept. 28.—The Republican convention yesterday adopted resolutions affirming their devotion to the Republican party, and pledging the party in Virginia to support the tariff which, while securing necessary revenue, shall give incidental protection to American industry; approving the national banking system, as affording a safe and uniform currency and absolute security to bill holders; favoring the policy of extending Government aid to States improving their rivers and harbors; urging absolute payment of all obligations of the Government, with a sufficient yearly reduction of the national debt to convince the world of our determination ultimately to extinguish it, while at the same time carefully avoid burdening the people with onerous taxation; endorsing the Administration of President Grant and favoring his renomination.

FRIDAY MORNING, SEPT. 29, 1871.

A Question of "Veracity."

Though we showed two or three days since the incorrectness of the *Herald's* statements in regard to a report by the Secretary of the Treasury on the amount of internal revenue defalcations, and proved their incorrectness by its own columns; and though no longer ago than yesterday we convicted it of three positive misstatements of fact in regard to the Hodge defalcation, it is not yet content, but tries to raise another issue of veracity. This time the question is in regard to the expenditures of the Government during President Buchanan's last year. On this point it boasts that it has put our "veracity in jeopardy." You put anybody's veracity in jeopardy, incredible! Your columns, as we have shown, day after day are crammed with utterly unfounded statements. You repeat almost daily the ridiculous parrotry of exploded Democratic nonsense about an alleged theft of "one hundred and ten millions of dollars" at the Treasury in Washington, and dwell on it after every other Democratic editor in the United States has become ashamed to reiterate so weak and unfounded an accusation. You continually repeat the allegation that ex-collectors of internal revenue are defaulters to the amount of twenty million dollars, though your own columns have furnished reluctant proof that these defalcations amount to but little over two and a half millions, and though the published records of the Treasury show that two-thirds of this amount was made away with by collectors appointed by Johnson. You assert that the Hodge defalcation amounted to $1,125,000, though all the telegrams received here put the amount at $450,000, which is fully confirmed by New York and Washington journals received by mail. It were endless to enumerate the catalogue of utterly unfounded assertions with which your columns are loaded. Yet the paper which [illegible] seems to think that it is in a position to impeach another's veracity!

And now it comes with a statement that the expenses of Mr. Buchanan's last fiscal year were only $58,460,780 08, and questions the correctness of our statement that the expenses of his last year ending March 4, 1861, were (in round numbers) $77,000,000. It is not correct in its statements of the expenses of his administration for the last *fiscal* year, ending June 30, 1860. It puts the amount, as above, at $58,463,780 08. Let it turn to the [illegible] report of 1860, or to the official finance report of 1870, page 275, where it will find that the total expenditures of Mr. Buchanan's last fiscal year, ending June 30, 1860, were (inclusive of charges on the public debt) $77,055,075 65 and not $58,469,780 as the *Herald* states them. Exclusive of charges on the public debt the expenditures were $60,010,062 28. These figures cannot be impeached. They prove that the *Herald* is incorrect, as usual. Here, again, is a "situation" for the journal that boasts of having put our "veracity" in jeopardy. It only [illegible] in proving once more that no statement that it makes is worthy of credence. It would much better become the *Herald* to be looking out for its own veracity than to presume to assail ours.

It is shown above, document and page cited, that the whole expenses of Mr. Buchanan's last fiscal year, ending June 30, 1860, were $77,055,075. For proof that during his last year, ending March 4, 1861, the expenditures were $77,000,000, we have the authority of statements furnished by the Treasurer of the United States, to be embodied in documents for circulation among the people in the Presidential campaign of 1868. The *Herald* will probably say that the statements were put forth for party purposes, and not entitled to credibility. But as it has misrepresented in the former case, as we have shown above by [illegible], it has no [illegible] to question this statement or any other. The Treasurer's statements in this matter were furnished from the account of warrants drawn on him for expenses of the Government, and cannot be [illegible].

Perhaps now you will talk again of impeaching our veracity. Go to. The sum of all your efforts is that you have succeeded admirably in impeaching your own.

"Judging for Themselves."

A little more about Jefferson. While we are on the subject we might as well cut every inch of ground from under the *Herald*, and close up the case so effectually that the organ cannot reopen it.

It is admitted by the organ that Jefferson originated and [illegible] the resolutions of '98. But when it comes to our question, "Did not these doctrines of Jefferson give the Southern Democracy their excuse for secession and rebellion?" it finds it embarrassing to make answer. It says, however, that "Jefferson cannot be held responsible for any abuse of the doctrines he advocated;" that "to hold Jefferson responsible for the adoption of a wrong policy or false expedient, by the Southern States, to vindicate an absolute right, is to the last degree unjust." That is [illegible] intended [illegible] the States, or any portion of them, should go to the extent of secession to vindicate their rights.

The answer to this subterfuge is brief but conclusive. Jefferson was not the judge of what the States might do, under his system, to vindicate their rights. He did not pretend to be the judge. His system expressly declared that they were entitled to "judge for themselves." It is no answer at all, then, to say that they carried his doctrines to an extent which he never intended. His resolutions of '98 affirmed that if the States felt aggrieved they had the right to "*judge for themselves* of the mode and measure of redress." The "mode and measure" adopted by the Southern States was secession. This they held,—"judging for themselves," as Jefferson affirmed they had a right to do,—was the proper course to take. This was no "abuse" of [illegible]; it was simply carrying those doctrines into effect. Hence, therefore, we are brought back at once to the position that Jefferson's principles were the direct cause of [illegible].

He who attempts to vindicate Jefferson's "State compact" dogmas at this day, undertakes a troublesome [illegible], as the *Herald* by this time has found out.

On the 22d inst. a monument to Abraham Lincoln at Philadelphia was dedicated with appropriate ceremonies. The monument stands in Fairmount Park, and is described as a finished work of art. The statue placed [illegible] was ordered in Italy, whence it was received two or three months ago. Over fifty thousand people assembled to witness the ceremonies of the dedication. It is thus that the people honor and revere the memory of the great and good President.

Tammany Republicans.

Were the Republican party of New York in a condition to take advantage of the situation produced by the general uprising against Democratic rascality in that city and State, there would be no doubt that New York would be wrested from the hands that control it. But Tammany has succeeded in corrupting a portion of the Republican party and in producing division and disorganization. The consequence is that the party is in no condition to make a concentrated and organized effort. For a year a struggle has been going on to free it from the incubus of Tammany influence and to drive the "Tammany Republicans" out of the party. To aggravate the dissension a rivalry has existed between Senators Conkling and Fenton, and each of these men has his adherents and partisans, who fight each other with extreme bitterness. The consequence is that the Republican party of New York is in a feeble condition when it ought to be strong and ready to take advantage of its enemy's weakness.

The dissensions among Republicans are confined mainly to New York City, for it is there that Tammany can operate with most advantage in kindling discord among their opponents. Strange as it may appear, it is part of the tactics of Tammany to place many so-called Republicans in official positions in the municipal Government. These men get Tammany's pay to do Tammany's work of disorganizing the Republican party. Professing to be Republicans they get access to Republican councils, and direct their efforts to the work of distracting and dividing the Republican organization. A strong effort has been made to crush them by reorganizing the party in the city and leaving them out. But they maintain their own organization, and have sent a separate delegation to the State Convention. Those who are trying to get rid of Tammany influence have also sent a delegation; hence the two delegations to the Convention from New York City. The consequence of this rivalry appears in the disgraceful scene in the Convention. The Tammany Republicans, aided by the "roughs" placed at their disposal, seem to have attempted to force their way into the Convention and to obtain control of it. This endeavor was resisted and defeated, but the Convention was disgraced by the scene which ensued. It is greatly to be hoped that Tammany influence will now be entirely driven out of the Republican party in New York. This is one of the conditions to complete political regeneration in that State.

The astounding disclosures in New York have forced many of the Democratic journals in the interior of that State to denounce the rulers and leaders of their party, and to demand that their official heads shall fall. So strong a partisan paper as the Buffalo *Courier* is compelled to say that the testimony of official crime in the city of New York is so overwhelming that it has absolved all honest Democrats from party connection, until the affair is cleared up. "There has been," it says, "Democratic stealing in the city of New York, and the Democracy of the State will demand the political heads of the thieves." We suppose, however, that the Oregon Democratic press will continue to assure their readers that there is nothing at all in these charges.

General Butler is not nominated for Governor of Massachusetts, which is very gratifying. But he refuses to "bolt," which is provoking. If he would only take himself out of the Republican party we should be rid of a noisy, troublesome and discreditable fellow.

Linn County Fair.

Thursday opened favorably.

During Wednesday afternoon the attendance having increased largely over the second day—quite a number of farm products, garden flowers, fancy work, preserves, jellies, wines and fruits were added to the very small lot that was on exhibition at the Pavilion the first day and part of the second; yet these additions did not fill one-half the space allotted to them. In the Pavilion we observed some fine work in wax and feathers, the latter being particularly attractive. The zephyr worsted pictures, and an oil painting on marble, the former exhibited by Mrs. Irving, the latter by Mrs. Butcher, were indeed beautiful. The spinning-wheel, the property of Mrs. M. C. George and the handiwork of J. M. Metzler, which drew a premium in 1868, was again on hand and looked as if it was good for many years' wear.

Job Carr has a fruit dryer here on exhibition. Sam'l. Handsaker, of Rattlesnake, exhibits the Common Sense Gang Plow.

There were but few horses for exhibition—the main number on the grounds being in training for the races. Of swine, about ten comprised the number, and the same can be said of sheep, although in each lot were two or more fine specimens of what Oregon can do in raising sheep and swine. There were but two or three head of cattle on hand up to 4 P. M. Thursday.

All the interest seems to center on the races, as the premiums offered are large the men who have anything that [illegible] have brought in some twenty or more horses. The favorites of those which have run have been Snow Flake, Jack Miner, Napa and Novice. The telegraphic report this evening will give the result of each race this afternoon. The most exciting races will come off to-day and Saturday. A pacing match not already announced is to take place on Saturday morning.

J. W. Vanclove, Esq., delivered the opening address at 11 A. M. on Thursday in the circus pavilion. The large audience present seemed pleased with the gentleman's maiden effort before an Oregon audience.

Gamblers, sporting men and thieves from all quarters in the State, as well as outside of it, are here in numbers. The gamblers carry on numerous devices to extract coin from the unwary, while the thieves have been operating on the grounds and in the city. Several watches and other jewelry have been carried off by these parties, although the losses have been kept rather quiet. The managers certainly have made a mistake in permitting these men to enter the grounds, and strict guard should be kept over them in the future. The shows on the grounds have done a very light business. The flying horses have, we judge, proved paying institutions.

As the weather promises to be pleasant, the last two days will be largely attended.

The managers complain of a breach of faith on the part of the Railroad Company in not carrying passengers and freight at half fare, as agreed upon. Why this was done we have not learned.

The trains Thursday, from Portland, brought few people. W.

FIFTEEN GREAT MISTAKES.—It is a great mistake to set up our own standard of the right and wrong, and judge people accordingly. It is a great mistake to measure the enjoyment of others by our own; to expect uniformity of opinion in this world; to look for judgment and experience in youth; to endeavor to mould all dispositions alike; not yield in immaterial trifles; to look for perfection; to worry ourselves and others with what cannot be remedied; not to alleviate all that needs alleviation as far as lies in our power; not to make allowance for the infirmities of others; to consider every thing impossible we cannot perform; to believe only what our finite minds can grasp; to expect to be able to understand every thing. The greatest of all mistakes is to live only for time, when any moment may launch us into eternity.

An old farmer said to his sons: "Boys, don't you ever speckerlate, or wait for sumthin to turn up. You might jest as well go an' sit down on a stone in the middle of a medder, with a pail atwixt your legs an' wait for a cow to back up to you to be milked."

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Sept. 28.—The test of the new French explosive bullets for muskets and pistols at Bay District Park to-day, was witnessed by a number of officers of the National Guard, regular army and civilians. The guns used were a smooth bore double barrel, and a carbine like Sharp's old pattern, were rather clumsy weapons, not comparable to any modern American breach loaders, and not sighted fine enough for very close shooting; but experiments satisfied all present that the new bullet is the most deadly missile ever invented, and a formidable addition to the list of destructive inventions. A thick pine plank struck by one of the carbine balls at 250 yards, was torn into splinters, and the bullets never failed to explode on striking any resisting substance as sand, wood, or even thick folded paper; the ball would penetrate deep enough however to give a fatal wound in every case, had the object been living. For animals, tigers, lions and elephant hunting the invention is invaluable.

SAN JOSE, Sept. 28—G. Roderigues who was arrested at Mayfield on a charge of robbing the Visalia stage Aug. 10, was examined to-day. The case is set for Saturday. His brother was arrested on same charge and is now on the way here.

CARSON, Sept. 28.—A party from Austin, searching for the missing pony rider, returned to-day. They found the rider's horse twenty miles from where Hightower's party surely had a fight with the convicts. The horse had been shot, and it is feared the rider was killed, and his body secreted. Four convicts, Roch, Copinan, Clifford and Parsons, were captured by ranchmen near Walker Lake and brought in this evening and lodged in the State Prison.

The Last Heads on Temple Bar.

In May, 1716, the head of Colonel Oxburg, concerned in the rising of Mar, was placed above the Bar, and six years afterward, it received a companion in that of Counsellor Layer, convicted of plotting the murder of King George. The last remained "blackened and weather-beaten with the storms of many successive years, until it became the oldest occupant. Infancy had advanced into matured manhood, and still the head repulsively looked down from the summit of the arch. It seemed part of the arch, itself. For more than thirty years did Layer's head look down on busy Fleet street; at last, one blusterous night, a friendly gust sent it rolling into the Strand, where it was picked up by an attorney, who took it into a public-house close by, and there, according to Nicholls, it found a resting place under the door; while Dr. Rawlinson, the antiquary, who was anxious to become its possessor, paid a handsome consideration for a substitute foisted upon him as the genuine article. He, however, died in happy ignorance of the cheat, and was buried, in accordance with his desire, with the precious relic in his right hand. Before Layer's head fell from its spike, it had been joined by two more—those of Townley and Fletcher, two of the '45 rebels who were done to death on Kennington Common on the 30th of July, 1746, and their heads elevated over Temple Bar the day after. It was to these Walpole alluded when he wrote: "I have been this morning to the Tower, and passed under the new heads at Temple Bar, where people make a trade of letting spying glasses at a half-penny a look." It was these heads that suggested Goldsmith's grim joke that so tickled Johnson's fancy. The two friends, both of whom were perhaps Jacobites in their hearts, had been meditating among the tombs in Poet's Corner, when Johnson had quoted Ovid's line, "Forsitan et nostrum nomen miscebitur istis" (Perhaps, some day our names may mix with theirs.) As they walked together homeward, Oliver stopped at the Bar and (in allusion to their own Jacobite opinion) pointing to the heads above, whispered, "Forsitan et nostrum nomen miscebitur istis!" In 1766 a man was taken into custody for shooting at the Temple Bar heads with a steel crossbow. He explained that his loyalty was so intense that he did not think death a sufficient punishment for traitors, and that he had relieved his indignant feelings by firing balls at the heads for pastime of an evening. It was supposed he was related to one or other of the unfortunate men, of whose heads he had made targets, in hopes of obtaining possession of them. Upon the 1st of April, 1772, one of them was blown from its perch; the other did not long remain in solitary glory, and the Bar at last was rid of the executioner's ghastly trophies, although the spikes, or one of them at least, remained to remind passers-by of the "tender mercies of the good old times," until the beginning of the present century.—*Chamber's Journal.*

DR. A. M. LORYEA—I have been troubled with Rheumatism for the past *twelve years*; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head.

RAILROAD LANDS.

OFFICE OF LAND DEPARTMENT,

OREGON & CALIFORNIA R. R. CO.

AND

European and Oregon Land Co.,

PORTLAND, OREGON, August 1, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms:

The applicant filing in this office a claim in the form prescribed, to-wit:

Pre-emption, date, No. ——.

To the Land Agent of the European and Oregon Land Company:

SIR: You are hereby notified that I have settled upon and improved (description of land) in the county of State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market, provided such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement and shall accept the privilege upon the condition that when the price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, NO. ——.

This is to certify that , of county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the above described land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed) Land Agent of the E. & O. Land Co.

The lands will be appraised by a competent, disinterested party, under oath, at their actual present value—no fancy or prospective price on the basis of similar lands in the vicinity; and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual instalments, with interest from date of contract, at ten per cent per annum, principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues, upon payment in full.

Blank forms of application furnished upon request.

TO HOUSE BUILDERS & PAINTERS

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one fifth more surface, making them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.

THEIR ADAPTABILITY.—They are already mixed and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: I have no hesitation in recommending the "Averill Chemical Paints" to those who regard economy and durability. It weathers our smoky atmosphere better than any Paint I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST."

"JACKSONVILLE, FLORIDA, CUSTOM HOUSE.—It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.
"WM. P. DOCKRAY."

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find 90 cents per gallon in favor of the former.

COSMOPOLITAN HOTEL.

CHANGE OF PROPRIETORSHIP.

H. H. PEARSON,

Late of the Russ House,

HAVING BOUGHT THE INTEREST OF MESSRS. Tabbs & Patton, in the Cosmopolitan Hotel, has secured a lease for a term of years of this well known and elegantly furnished Hotel. His previous reputation assures its being kept in first class style, while in order to keep pace with the times he intends to make important reductions in the scale of charges. His intention is to make it a family and business house, while his large connection with the traveling public, warrants him in expecting a large amount of country, Pacific Coast and Eastern patronage. The prices will range from two to three dollars a day for ordinary accommodation. Board by the week or month as per contract. The Table will be kept on the most liberal scale, and many improvements introduced. The spacious reading room is the finest of its kind in the city, while the furniture and fittings generally are superior to those of any hotel in San Francisco. The house will be thoroughly overhauled. Mr. PEARSON assumes proprietorship this day, August 1st.

FRIDAY MORNING, SEPT. 29, 1871.

CITY.

MR. PLUMMER'S ENTERTAINMENT.—Mr. C. R. Plummer, the humorist, had a fine audience last evening at Oro Fino Theater, all the front seats being full. Very many of our readers and a large proportion of last evening's audience have heard Mr. Plummer on former occasions, and they well know that it would be a strong "puff" that would more than do justice to his readings, character delineations and imitations. He was peculiarly happy last evening in some of his performances, among which we may mention his imitation of Mark Twain, Widow Bedott, Bro. Watkins, No Sect in Heaven, The Vagabonds, Barbara Frietchie, and some other selections. His conception of the ludicrousness and the fun there may be in a thing is quick and acute, while his imitations and facial expressions are exceedingly well adapted to the accurate conveyance of that conception to others. His auditors lose sight of Plummer and see and laugh at the originals. There is something in his entertainment to suit most all tastes, humor, from the quiet, nice to the broad, and laughter-moving, pathos, sentiment, passion, etc. Few men unaided can entertain better than Plummer.

TRIAL TRIP.—The O. S. N. Co's new steamer *A. Hayward* was steamed up and down the river in front of the city yesterday morning for trial of her engines, handling and speed. She ... well, runs with remarkably little tremor and gives promise of being one of the fastest boats in the Portland trade. We have, heretofore, given her dimensions. Her upper works are better arranged for comfort and convenience than any of the other boats in these waters. Besides a spacious saloon, she has a smoking room forward which can be shut off from the saloon by sliding doors. Aft the main saloon, there is a well lighted cabin for ladies. Between this and the wheelhouse there is an open promenade which connects on both sides the boat with the guard promenades. There are about two dozen state rooms containing each two or three beds. Two hundred passengers could travel on her without crowding or serious discomfort.

PASSENGERS FOR CALIFORNIA.—The steamship *John L. Stephens* sailed at 7 P. M. yesterday for San Francisco. The following is a list of the passengers who went out on her: General J H Holman, Mrs William L Halsey, George B Seely and wife, Mrs S E Burlingame, Mrs Henry W Corbett, M O Lownsdale and wife, John Gale, wife and child; Abney Allen, Mrs F Ermatinger, William Guthrie and wife, W H Faulconer, J Ford, wife and child; Mrs Catherine Cook and child, J M Rice, wife and child; Mrs H Williams, H T Williams, A R Tretwell, wife and child; George Armentrout, wife and infant; Rev Adolph Weidle, Mrs N J Bailey, Miss Mary Conrad, Mrs Mary A Watson, E O Southard and wife, Wells, Fargo & Co's messenger, and 40 in the steerage.

GRAND LODGE GOOD TEMPLARS.—The Grand Lodge of Good Templars met in annual session at Vancouver on Wednesday morning. The attendance of representatives and officers was small, however, and it was thought advisable to adjourn to a more opportune time. Just now everybody is attracted to Olympia where the Supreme Court is in session, the Legislature assembling and agricultural and mechanical fair coming on. The Lodge, therefore, adjourned to the first Monday in November. The failure of representatives to attend the Grand Lodge is not considered an evidence of any decline of the Order in the Territory.

CHURCH CONSECRATION.—On next Sunday, Oct. 1st, the new Scandinavian Lutheran Church, just erected at East Portland, will be consecrated. The morning services at 10:45, led by the Pastor, Rev. A. E. Fridrichsen, will be performed in the different Scandinavian languages. The afternoon service, at 3 o'clock, will be in the English language. The clergymen of Portland and East Portland are invited to meet at the parsonage at a quarter before 3 P. M., to go in procession to the church to join in the interesting and solemn services.

WHAT GALUSHA A. GROW SAYS.—The following is an extract from a Pennsylvania paper: "Hon. Galusha A. Grow has returned from a three months' trip to the Rocky Mountains, California, Oregon and Washington Territory. The honorable gentleman, who is one of the closest of observers, speaks in terms of highest praise of Oregon; declaring that the future greatness of the Pacific Coast will be owing to the development of Oregon, which is a far better farming and grazing country than much-boasted of California."

NORTHERN PACIFIC RAILROAD BONDS TAKEN.—Gen. Tilton is authority for the statement that London bankers have concluded to take fifty million dollars of the bonds of the Northern Pacific Railroad. The news was received by telegraph from Mr. McCulloch, London, to Jay Cooke, New York. Thus, every obstacle to the rapid construction and early completion of the road is removed.

EAST PORTLAND SAW MILL.—Lawrence, Jones & Co.'s saw mill, in course of erection on the bank of the river, near the old tannery, East Portland, will be completed and in operation in a few days. The engines and machinery have all been received—the last yesterday. The mill will at once have all the work it can do, and the enterprise has every reasonable prospect of being financially successful.

SNAKE CUCUMBER.—Mr. Theophilus Culbertson of Powell's Valley, left in our office, yesterday, a Spanish cucumber which is five feet six inches long and weighs five and a half pounds. It is regularly tapering like a snake and is twisted very suggestively like one. These cucumbers are said to make excellent pickles.

PASSENGERS FOR THE NORTH.—The steamer *George S. Wright* sailed at 7 o'clock last evening for Victoria taking the following named passengers: Joseph C Holladay, H A Jerome, Vincent McCulloch, Joseph Prothero, wife and 3 children; T F O'Neal, Mrs Crocker and son.

STREET WORK RESUMED.—The work of filling Second street, East Portland, from A to J streets, was resumed yesterday morning. Mr. Ryan has taken a sub-contract to complete the job, and has put to work all the men he can obtain.

ABOUT THE SKIDDAW.—We learn that the trouble with the *Skiddaw* was that she had so much load an insurance could not be effected. The matter was finally arranged by an agreement to take out twenty tons of the cargo.

SCHOOL GYMNASIUM.—The gymnasium connected with the Bishop Scott Grammar School has been so far completed as to be opened for the use of students. It is intended to make it eventually as complete in all details as may be necessary for such an institution.

INSURANCE OFFICE.—The new wooden building nearly finished on the east side of First street, between Washington and Stark, is to be occupied as an office by the Branch Mutual Insurance Co., recently organized here.

OVERLAND PASSENGERS.—Passed Yreka, yesterday, by O. & C. stage, bound for Oregon: J. Lugsdin, E. Smith, Francis Smith and two sons, G. Guest, R. Smith, E. Vroman and daughter.

DEATH AT THE HOSPITAL.—Died this week at the county hospital, Francis Perry, a native of Ireland, aged 50 years.

PERSONAL.

Mr. C. P. Ferry will start this morning for a visit to the Eastern States, going by the overland route to California. He will take with him specimens of grain, fruit, vegetables, etc., and hopes to procure more at Albany.

Messrs. R. H. Hewitt and J. H. Munson, of the Olympia *Echo* are in this city. Mr. Munson will leave for home this morning. They have been attending the annual session of the Grand Lodge of Good Templars at Vancouver.

Among the passengers who sailed by the steamer last evening were, Gen. J. H. Holman, Supervising Architect of public buildings in Oregon, Mr. Sam Guthrie, Supervising Inspector of steamboats, and Mrs. H. W. Corbett. The latter expects to join her husband at Sacramento. Gen. Holman goes to Washington.

Col. H. D. Cook, Representative in the Washington Territory Legislature, from Klikitat and Yakima, arrived down Wednesday evening, en route to Olympia to attend the session of the Legislature, which will convene on Monday next. We met him yesterday, armed with a breech-loader, which he was about to have put through a course of repairs, from which we conclude the Col. is going on the war path.

Old Things Have Passed Away.

This is at least true of the old method of treating the long abused and much abused human body. It is no longer considered wise to put a patient to the torture in order to cure him of a disease, in which pain is already undermining the energies of his system. True science ranges itself on the side of nature, and endeavors to assist her in her fight against disease. This is the province of Hostetter's Stomach Bitters, the most approved tonic ever advertised in this country. It may be recommended as a fall medicine, par excellence; for it is in the fall that billiousness, dyspepsia and malarious fevers are especially prevalent. The frame, exhausted by the heats of summer, is relaxed and feeble at its close, and requires, we may say *demands* artificial assistance. Afford it that assistance in occasional doses of Hostetter's Stomach Bitters, and the evils referred to may be escaped. Throughout the far West, and on the steaming alluvial of the Southern rivers, all the varieties of periodical fever are probably rife to-day. Had a course of Hostetter's Bitters been commenced by the sufferers a month ago, i. e., before the unhealthy season set in, seven-eighths of them would in all probability be in their usual health at the present time. So much for want of forecaste. So much for not keeping in the house, and using daily the best safeguard against epidemic and endemic fevers.

All flocks of impostors and imitators are trying to follow in the wake of the great American remedy, therefore be sure that the article you buy is genuine and verified by the proper trade marks. The true article can only be obtained in bottles. Beware of the spurious bitters sold by the gallon or in kegs.

FINANCE AND COMMERCE.

Thursday Evening, Sept. 28, 1871.

Gold in New York, 114¾.

Currency, here, buying, 87½; selling, 88.

Exchange—On San Francisco, coin, ½ per cent. discount; currency, par; on New York, 1½ ⅌ cent. premium. Telegraphic transfers on San Francisco, ½ ⅌ cent. premium; on New York, 1½@1¾ ⅌ cent. premium.

Notwithstanding the large [illegible] Coin brought by each steamer for some time past, to this city, the scarcity of Coin is very generally felt. The amounts disbursed in the interior since the first moving of the Wheat crop, and Wheat crop aggregates to the present time not less than $2,000,000, and may probably reach $2,500,000. But a small portion of this has found its way back. The expectation that a large percentage of it would, before this, have found its way back deterred our bankers from having much brought up on the last steamer. Interior merchants are doing wrong in retaining money but ought to remit at once so as to allow of more extended business operations; if they have not got it then collect it as some parties must have it. All concede that within a month there will be great abundance of Coin for any and all operations, but it is the present urgent necessity for moving grain that Coin is wanted. Although our community will want large sums then.

We condense the following from our California exchanges: The local supply of Straw Wrapping Paper is very light and in consequence prices have been advanced to [illegible] standard brands of Eastern. The freight on Butter and Cheese from New York has been advanced to 3½c ⅌ lb against 2½c previously. But the impression prevailed that the advance in freight does not apply to Cincinnati and Chicago, but our own impressions are that it does. So large has been the consumption of Bacon and Hams that there is no stock in first hands. Oregon cured meats are in fair supply considering the season of the year. In Spices prices are a shade higher. Eastern buyers of Wool have withdrawn from market and in consequence stocks are increasing except for choice clean lots which find ready sale.

We extract the following from the London letter of a leading commercial paper in New York. The writer is considered in every respect perfectly reliable:

We have now fairly entered upon the new season, and it cannot be doubted that the future promises to be unusually prosperous. Despite the wet and unsettled summer, and the effect the severe winter frosts and unfavorable blooming season have had upon the crop of Wheat, the yield of cereal produce is by no means deficient, any falling off in the yield of Wheat being more than compensated by the yield of Barley, Oats, Beans and Peas. During the present week a large quantity of grain has been harvested and stacked, and so far as the grain harvest is concerned, very little now remains to be done in the southern counties of the kingdom. In the North and in Scotland, the harvest has been general, and as the weather has been remarkably brilliant, no interruption has taken place in its progress, and a large quantity of produce is now ready to be stacked. It is very evident that the later cut produce will be more useful than that secured earlier, as its condition will [illegible] marked improvement, in consequence of the [illegible] dry and hot weather [illegible] for Wheat many farmers [illegible] quantity of produce [illegible] have been shown [illegible] market [illegible] varied very much [illegible] it is generally admitted that the [illegible] is by no [illegible] equal in quality or condition to [illegible] of last year, yet, at the same time, the [illegible] one, while in the course of a few [illegible] we may expect a better and drier quality to be shown.

There seems to be very little expectation of lower prices for Wheat, but until we can obtain more precise information respecting the supplies of produce to be expected from abroad it is difficult to form an opinion on the subject. Some persons look forward to lower rates, but I question very much whether good Wheat will decline in value to any important extent. In favor of this assertion several points are presented: First, there will be a diminished supply of the superior qualities of English Wheat; secondly, the French, should they [illegible] large [illegible], will as usual purchase the better qualities; and thirdly, it is probable that in the course of a few weeks the demand for [illegible] French [illegible] will be more than usually [illegible]. I think therefore, that for a time, at least, good Wheat will maintain its price.

I am now able to forward you the statement of imports and exports for the season just concluded. The imports of Wheat have been less than in 1869-70 by about 4,000,000 cwt., and there has also been an increase in the exports of 2,300,000 cwt. With regard to flour there is a [illegible] cwt., and an increase in the export of 1,160,000 cwt. As compared with the previous year there is a considerable increase indicated in the [illegible] of our foreign supplies. Of Barley, Oats, Beans and Peas [illegible], but these are somewhat smaller than in 1870.

MARKET REVIEW.

WHEAT—Market under advices rule firm, but the feeling among buyers is that unless later news is received from Liverpool giving advances, prices here are high enough. We publish above an extract from a letter from one of the most reliable commercial writers (the letter bears date at London, Sept. 2, 1871), which gives interesting information. We note to-day the first receipt this year of a small lot from the Cowlitz. We quote market, $2 15@2 22½ per cental with sacks; without sacks from [illegible].

FLOUR—There is a firmer feeling in the market. The Imperial Mills commence grinding within two weeks; this mill is, from the improvements added, virtually a new mill. We quote market for standard brands at $7 ⅌ bbl for extra; $6 25@6 75 ⅌ bbl for superfine.

BARLEY—Importations and receipts light. Quotable $2@2 10 [illegible].

OATS—Market very firm at $1 75@2 ⅌ cental.

ONIONS—Quotable, Oregon, 2c ⅌ lb.

POTATOES—Quotable, California, $1@1 25c; Oregon, $1 50@1 65 ⅌ 100 lbs; Carolinas, 4c.

CORN MEAL—McLoran's 3½@4c; Walla Walla, 3½c.

FRESH MEATS—Beef, 7@8c; pork, on foot, 4@4½c; dressed, 5@7½c; sheep, $2 75@4 50 ⅌ head.

POULTRY—Hens, roosters and chickens, $3@4 50 ⅌ doz.

[illegible] in kegs, [illegible].

FRUITS—Jobbing Rates—Apples, 37½@50c per box; pears, 62½@66c per box; plums, 3@6c per lb; peaches, Oregon, 7@10c per lb; California, $1 50@1 60 per box; Oregon grapes, $2 25@2 per box; watermelons, $3 50@4 per doz; cantaloupes, $2 50@4 ⅌ doz; crab apples, 2c per lb.

HIDES—Market firm at 17@17½c for dry; latter price for selected.

BUILDING MATERIAL—Local demand very active at prices ranging, for rough lumber, $12@14; dressed, $22; flooring, $2 [illegible]; lath, $3 per M; shingles, $2 50; Eastern hardwood, 17@20c per foot.

BROOMS—Quotable at $2@5 50.

CANDLES—We quote market firm at 16@20c, full weight; light weight 13@15c.

TO THE UNFORTUNATE,

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering untold misery, either from the effects of secret indulgences, or from diseases absorbed into the system! Look at their pallid, emaciated and disfigured faces and their [illegible] conditions, disqualifying them for the happiness of life, or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering from any of these horrible life-destroying maladies, that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, for to those who are interested in the welfare of their friends, to be careful of the [illegible] pretended doctors who infest all cities, publishing [illegible] in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from European and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse, solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by any of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are still under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a [illegible] and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars in a registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates [illegible] the unwary. Some of the self-styled doctors, [illegible] are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen who became too lazy too work at their trades. Some [illegible] shoemakers, newspaper carriers, intelligence [illegible] keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes [illegible] find their former occupations in the [illegible] for 1862 and 1863. The only [illegible] is to make inquiry—it will cost [illegible] and may save you many regrets; for, as advertising [illegible] in eight cases out of ten are bogus, there [illegible] any of them until you know [illegible] they are. Dr. Gibbon does not deceive [illegible] titles, certificates, pretended [illegible]. Dr. Gibbon will as [illegible] his ability to [illegible] cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial [illegible] Box 1,957, San Francisco.

REMEMBER [illegible] THE [illegible].

Consult [illegible].

Correspondents will please inform [illegible] that they saw this advertisement in the Daily Oregonian.
